

Princeton, New Jersey.

Mr. Marcus M. Farley,
Secretary of the Thencamic
Society,

Dear Sir:

It was with the most
extreme and profound pleasure
that I was informed through
your gracious communication
that the Thencamic Society
of the State Model School

had conferred upon me such
honor as to have elected me
by its unanimous vote an
Honorary Member of its
esteemed body.

Not only is it a
gratification of no small
magnitude to be ranked
with such men as Sigsbee,
Schley, Li Shung Chang, and
Dewey, but it also is a
signal source of self-

congratulation to be affiliated
as an alumnus with the
Literary Society of the
Model School which has
given me, as an
undergraduate, a training
that I deem invaluable.

Again I beg leave
to thank you for the honor
and with the most hearty
wishes for the future success

of the Thematic, I remain

Sincerely yours,

Benjamin Edmund Messler

October the twenty - fifth.
