

HIGH SCHOOL
TRENTON NEW JERSEY

To whom it may concern,

This is to certify that Miss Lulu B. Clough completed the work of the Trenton High School several years ago. She has since completed a course at the State Normal School, located in Trenton, New Jersey. Miss Clough completed the work of our school without a condition. Her rating in scholarship is uniformly good. If she did as good work at the Normal School as her High School record would seem to indicate she should be well qualified to take a position as a teacher by this time.
